Congratulations to NISP for being recognised as an Apple Distinguished School!

Nexus International School, Putrajaya (NISP) is proud to announce that it has been recognised as an Apple Distinguished School for 2015–2017 for its use of technology to enhance and deepen learning across the whole school.

The Apple Distinguished School designation is reserved for programs that meet criteria for innovation, leadership, and educational excellence, and demonstrate Apple’s vision of exemplary learning environments.

“At Nexus we believe young people today must learn to be adaptable in a fast-changing world,” said Alison Hampshire, School Principal. “Being digitally literate in our technological age is critical and in order to prepare our learners for success we have identified and embedded the competencies, mindsets and skills we want them to develop in the learning experiences.

The selection of Nexus International School as an Apple Distinguished School highlights the school’s success as an innovative and compelling learning environment that engages students and provides tangible evidence of academic accomplishment.

Garden International School has been selected by Apple for its Apple Distinguished Program!

Garden International School is pleased to announce that it has been recognised as having an Apple Distinguished Program for 2014–2016 for its innovative use of Apple technologies to support flexible learning.

The selection of Garden International School for its Apple Distinguished Program highlights our success as an innovative and compelling learning environment that engages students and provides tangible evidence of academic accomplishment. The Apple Distinguished Program designation is reserved for programs that meet criteria for innovation, leadership, and educational excellence, and demonstrate Apple’s vision of exemplary learning environments.
Taylor’s International Schools had their Open Week from 19th to 23rd May 2015. Both the campuses (KL and Puchong) opened their doors to families who are interested in exploring an international curriculum education for their children.

During this week, many students signed up for the trial classes where they got to experience the teaching and learning at the school. Parents were also able to get to know the Principal as well as to meet the Key Stage Leaders and teachers to have an deeper insight into the teaching that takes place at the school.

### TISKL doing their part for the community

Taylor’s International School, Kuala Lumpur (TISKL) initiated several charity drives to raise funds to help the children in Nepal who are affected by the recent earthquake.

In Early Years, students brought coins and set up a coin trail along the corridor of the Early Years Centre. All coins collected from the trail were donated to the Nepal Earthquake Relief Fund. Parents also contributed and donated generously to the Fund during the Primary School end-Term concert. The Secondary School students did their part raising funds by holding a charity sale.

The School also celebrated a Mufti Day on 25th May 2015 where students and staff came together wearing red and white (the colours of the Nepalese flag), and donated for this good cause. In all the initiatives, students learned to care for the less fortunate and with team effort much can be done to help others. All-in-all the School has successfully raised more than RM16,000 for the Nepal Earthquake Relief Fund.

### AIS Open Week is Back!

Take the opportunity to visit the school and understand how the Australian curriculum could suit your child’s learning needs. Exciting activities are in store for your child including science experiments, story telling, Lego design and construction and trial classes.

Parents will have the opportunity to meet the Principal and Head of Schools over morning tea and join a briefing session which will help them understand the importance of cultivating good thinking skills in children as well as understand the difference between the Australian curriculum and other international curricula. Contact events@aism.edu.my or 03-8949 5000 to register.
